# Z-Stick Gen5 V1.01 firmware update.

Modified on: Mon, 31 Aug, 2020 at 3:57 PM

You can update your Z-Stick Gen5, if you are not sure what firmware version your Z-Stick Gen5 is, you can update Z-Stick Gen5 without resetting your Z-Wave network.

Note - Much older Z-Stick Gen5 units will not be possible to update.

### Requirements

• Windows 7 or later

#### Changelogs

• Z-Wave SDK version updated to V6.51.10

#### **Download Firmware V1.01**

- EU Frequency (https://aeotec.freshdesk.com/helpdesk/attachments/6071670582) (ZW090-C)
- <u>AU Frequency (https://aeotec.freshdesk.com/helpdesk/attachments/6072669698)</u> (ZW090-B)
- <u>US Frequency (https://aeotec.freshdesk.com/helpdesk/attachments/6071670590)</u> (ZW090-A)

#### Install Driver (Required)

- 1. Download Driver through this link: <u>https://aeotec.freshdesk.com/helpdesk/attachments/6071670591</u> (https://aeotec.freshdesk.com/helpdesk/attachments/6071670591)
- 2. Unzip ZW050x\_USB\_Programming\_Driver.zip into any folder (recommended software to unzip, WinZip or WinRar).
- 3. Open up the folder and find the .inf file

- 4. Right click on "zw05xxprg.inf"
- 5. Select "Install"

## Update Z-Stick Gen5

- 1. Unzip "Z\_Stick\_G5\_V1\_01\_DFU.zip" into any folder (EU or US version depending on your Z-Wave Frequency.
- 2. Open up the folder, and open "ZStick\_G5\_Update tool.exe"
- 3. Connect your Z-Stick Gen5 to your PC, ensure that it is not connected to any software interface

4. Connect your Z-Stick Gen5 to update software through "Settings -> COMx"

| L ZStick_G5 U    | pdate Tool  |                          |                                      |           |      |        | _ | $\times$       |

| Serial Port: COM | 3 Status: Update  | operatio                 | on completed                         | successfu | lly. |        |   | :              |

- 5. Click on "OK"
- 6. If successful, at the bottom of your software, it will state:

Serial Port: COM3 Status: Update operation completed successfully. COM3 in the above image will depend on what COM port your Z-Stick Gen5 is connected through (ie. COM5, COM10, etc).

7. Click on "Update" and the update process will finish in roughly 3 minutes.
